- 16. The Temple of Zakaran**
- 17. The Sea of Despair**
- 18. Temple of Gazra (Revisited)**
- 19. The Battle at NyLeve's Falls**

Dieser Ordner enthält **elf** mit dem Freeware-Packer **7-Zip (32 Bit) v4.65** gepackte **Savegame Zusammenstellungen** von **Save1.7z** bis **Save11.7z**. Das zum **Entpacken** nötige **Programm** liegt bei.

Die Schwierigkeitsstufe ist **MEDIUM**.

Die **elf Savegame Zusammenstellungen** enthalten jeweils einen **Save**-Ordner mit **9 Savegames** (**Save0** bis **Save8**) mit den **fortschreitenden Spiel-Levels** von **The Training Sanctuary** bis **The Battle at NyLeve's Falls** in Form eines **Walkthrough**.

Save1 geht von **The Training Sanctuary** bis **Jardi Village**.
Save2 geht von **Dranoo Village and Dranoo Path** bis **Leaving for the Island**.
Save3 geht von **The Ghost Island** bis **GraDjik's Path**.
Save4 geht von **GraDjik's Path** bis **Moonspire (Part 1)**.
Save5 geht von **Moonspire (Part 2)** bis **The Cavern Cellars**.
Save6 geht von **The Cavern Cellars** bis **The Nali Sandcanyon (Part 2)**.
Save7 geht von **The Nali Sandcanyon (Part 2)** bis **Skaarj Laboratory**.
Save8 geht von **Demon City** bis **Outskirts of Skaarj City**.
Save9 geht von **Outskirts of Skaarj City** bis **The Prophet's Palace**.
Save10 geht von **The Prophet's Palace** bis **The Temple of Zakaran**.
Save11 geht von **The Sea of Despair** bis **The Battle at NyLeve's Falls**.

So kann man **anhand der Spielstände** wie bei einem **Walkthrough** durch das **Spiel** gehen und sich den **Spielverlauf** anschauen.

Der **Pfad** für den **Save**-Ordner lautet normalerweise **C:\UnrealTournament\Save**.

Verschieben Sie den alten **Save**-Ordner in einen **Extra-Ordner** oder löschen Sie den alten **Save**-Ordner, bevor Sie den **neuen Save-Ordner in den Ordner „UnrealTournament“ kopieren**.

Bonus

Als **Bonus** liegt noch die **Savegame Zusammenstellung zSave_Summary.7z** mit einer **Zusammenfassung** der wichtigsten **Spiel-Level** von **Anfang** bis **Ende** bei.

11. Cerberus Castle
12. Skaarj Laboratory
13. Demon City
14. Outskirts of Skaarj City
15. The Prophet's Palace
(Cutscene) The End of the Prophet's Castle

- 16. The Temple of Zakaran**
- 17. The Sea of Despair**
- 18. Temple of Gazra (Revisited)**
- 19. The Battle at NyLeve's Falls**

This folder contains eleven with the freeware packer **7-Zip (32 bits) v4.65** packed **Savegame compilations** of **Save1.7z** to **Save11.7z**.
The program, necessary for the unpacking, is enclosed.

The difficulty level is **MEDIUM**.

The eleven **Savegame compilations** contain a **Save** folder (**Save0** to **Save8**) with the increasing **Game Levels** from **The Training Sanctuary** to **The Battle at NyLeve's Falls** in the form of a **Walkthrough**.

Save1 stretches from **The Training Sanctuary** to **Jardi Village**.
Save2 stretches from **Dranoo Village and Dranoo Path** to **Leaving for the Island**.
Save3 stretches from **The Ghost Island** to **GraDjik's Path**.
Save4 stretches from **GraDjik's Path** to **Moonspire (Part 1)**.
Save5 stretches from **Moonspire (Part 2)** to **The Cavern Cellars**.
Save6 stretches from **The Cavern Cellars** to **The Nali Sandcanyon (Part 2)**.
Save7 stretches from **The Nali Sandcanyon (Part 2)** to **Skaarj Laboratory**.
Save8 stretches from **Demon City** to **Outskirts of Skaarj City**.
Save9 stretches from **Outskirts of Skaarj City** to **The Prophet's Palace**.
Save10 stretches from **The Prophet's Palace** to **The Temple of Zakaran**.
Save11 stretches from **The Sea of Despair** to **The Battle at NyLeve's Falls**.

So one can go through the **game** by means of the **scores** as a **Walkthrough** and have a look at the **course of the game**.

The **path** for the **Save** folder usually is **C:\UnrealTournament\Save**.

Move the old **Save** folder into an **extra folder** or erase the old **Save** folder, before you **copy** the new **Save** folder into the folder “**UnrealTournament**”.

Bonus

As **Bonus** the **Savegame compilation zSave_Summary.7z**, with the **summary** of the most important **game levels** from **start** to **finish**, is included.
